Anchor Hour Implementation

Things To Consider

- Is there a need
- What will you try to accomplish by doing this
- Is the culture in your school ready for this, can it support it
- How have you garnered support for this from the faculty
- What percentage of the faculty would support it right now
- What percentage of the faculty would have to support it to implement
- Is there an understanding of the expectation for teachers (office hours)
- Have you communicated with your area sup
- Have you communicated with transportation
- Have you communicated with food services
- Will you need addition space for students to eat
- Where will students be allowed to eat
- Will you track the number of students going back into classes
- How will you supervise a closed campus that is open internally
- What role will guidance counselors play
- Organizing clubs and the frequency that they meet
